

## British Continue Advance on St. Quentin

### AMERICANS MOVE TOWARD THE AISNE AT SOME POINTS

More Fires Are Observed Between Canal du Nord  
And Lower Part of Hindenburg Line, Indicating  
the Germans Are Evacuating It.

#### ADVANCE ON CHEMIN DES DAMES MADE

(By United Press)

Berlin (via London), Sept. 7.—Withdrawal in Picardy was reported by the war office today. An American attack northeast of Fismes was repulsed, it was announced today.

With the British Army in France, Sept. 7.—Haig's advance toward St. Quentin continued today as the British moved forward. More fires are observed between the Canal du Nord and the lower part of the Hindenburg line, indicating the Germans are evacuating it.

The drive hinges on Havrincourt wood. During the night 116 prisoners were gathered in and 300 were picked up yesterday, making a total of 18,816 since September 1.

Prisoners taken in masses reported the Germans have put French civilians to work repairing the old German-French line near Armentieres, building concrete dugouts.

#### Wipe Out Machine Gun Nests

With the Americans on the Aisne, Sept. 7.—Noon—The Americans on the right of the line are continuing to advance toward the Aisne at some points. At other places heavy machine gun fighting is in progress.

Between Glennes and Romaine, where the line runs north and south from the Aisne to the Vesle, the Americans are wiping out machine gun nests methodically. Forty-one prisoners, including two officers, were taken. There is much German artillery fire on our right and against our positions on the plateau.

#### Chemin Des Dames Under Fire

Paris, 7.—3:50 P. M.—The Chemin des Dames is under a sharp fire from allied troops south of the Aisne and to the westward. German occupancy of the St. Gobain forest are endangered by the French advance.

General Mangin's troops are going through the wooded, hilly country toward Aigny-Le-Chateau, 7 1/2 miles south of Laon.

The French are reported to have reached the gates of St. Simon on the road to St. Quentin. Farther north the allied forces are marching on Verme, 6 miles northwest of St. Quentin.

Hundreds of thousands of German shells in captured places have already been listed by the French.

#### Now 7 Miles East of Somme

London, Sept. 7.—Progress on practically the whole front in the allied advance toward St. Quentin. Laon and LaFere continued today, more rapidly than had been expected.

Hancourt was captured by the British, marking an advancing of 7 miles east of the Somme, where the British offensive began Thursday.

French troops occupied Tergnier, an important railway junction, cutting the Germans main line of communication between St. Quentin and Laon. LaFere is only 3 miles west.

Having passed through Ham, the French are nearing St. Simon, eight miles from St. Quentin. Nine more towns have been taken. The entire Coney forest has been seized, and positions eleven miles west of Laon captured.

### 20,000 Slight Casualties Not Listed to Aug. 20

General Pershing Asked to Forward  
Them by Courier and Hereafter  
War Department Will Give Full  
Information. Brings total to 45,930.

(By United Press.)

Washington, Sept. 7.—Twenty-thousand slight American casualties have not been reported to the war department up to Aug. 20, according to information from General March today.

These cases are all listed on medical records as light and are not serious.

General Pershing has been asked to forward them by courier and hereafter the war department will give full information about all casualties. Heretofore, Pershing has asked permission to withhold the minor casualties. The theory behind this was that publication of these would tend to create unwarranted anxiety.

Adding these 20,000 casualties to those published to date, the total American casualties have reached 45,930, a great percentage of which were suffered during the great American drive at the Marne.

General March expressed the view today, however, that the nation would face with determination and courage whatever casualty list might appear. For this reason he will have the wounded list from medical record sent by courier twice a week.

Pershing has been instructed to forward by cable only dead and missing.

So far the French have advanced from two to four miles on a twenty mile front.

### MAJORITY UNDER PERSHING

Distinctive American Force May be  
Used For a Big Purpose

(By United Press.)

Washington, Sept. 7.—Ninety-three per cent of the American troops now in France are under the direct command of General Pershing, senators were informed in a conference with war department officials today.

They took this to mean that this distinctive American force is about to be used for some big purpose.

### TO TAKE NAMES OF ALL DRIVING SUNDAY

Police Also Instructed to Enforce  
Law Requiring That Motors  
Not be Left Running

#### A MOVE TO SAVE GASOLINE

Rushville police authorities have enforced measures whereby the gasoline conservation requests of the government will be enforced, making the non-observance of the law a penal offense.

Mayor Arthur B. Irvin has called to the notice of the police the automobile law, an act of 1913, which makes it a penal offense to allow the motors of automobiles or motorcycles to run while the vehicles are standing unattended. In view of the government's effort to save gasoline, the police have been ordered to enforce the law strictly in this city, declaring that an enormous amount of gasoline is wasted through such methods of procedure.

With the same end in view, Mayor Irvin has ordered and instructed the police to take the names and numbers of every person and car which is found on the streets of the city Sunday and during the remainder of the time that the embargo concerning the use of gasoline on Sunday is in force.

### TWO MORE DISCHARGED AS PHYSICALLY UNFIT

Walter Oneal Sent Home From Camp  
Dodge, Iowa, and Harley Frazier From Syracuse, N. Y.

#### MAKES FIVE WITHIN A WEEK

Two more Rush county men have been discharged from the army as physically unfit, after arriving at mobilization camps. The latest selectives to be returned home are Harley Frazier, who was sent to Syracuse, New York, last month to be trained to serve in fire and guard companies at embarkation ports, and Walter Oneal of Carthage, who was sent to Camp Dodge, Des Moines, Iowa, August 30. Both were limited service men, not being physically qualified for general military service.

Oneal limps slightly in his right leg, and the local board was doubtful about him being accepted for even any sort of service, but Oneal was so anxious to get into the army that the board finally consented to let him go.

These two make five Rush county selectives who have been returned to their homes, having been rejected as unfit physically, within a week. Byron S. Newhouse was discharged at Valparaiso, Ind., where he went August 28, and Roy Evans and Albert Hurst, who went to Camp Custer, Battle Creek, Mich., August 29, were also sent home.

### PLANS COMPLETE FOR REGISTRATION

Registrars Recently Announced by  
Board Will Serve With the Ex-  
ception of Two

#### PLACES ALL ARRANGED FOR

Will be Same as Voting Places Ex-  
cepting Four Precincts in the  
County

The county army selection board has completed arrangements for the registration, next Thursday of all men between the ages of eighteen and forty-six, except those who have already registered or are in the service. A few changes in the precinct registrars who were announced recently, have been made, and with a few exceptions, the precinct registration place will be the same as the regular voting place in the precinct.

In precinct No. 8 in Rushville township, H. A. Webb will serve as registrar instead of LaRue Webb, as previously announced. Leonard Clark will serve in precinct No. 4 in Rushville instead of M. V. Spivey.

The registration places will be the same as the voting places with four exceptions, which are as follows: Posey No. 2, Dr. Catt's office in Arlington; Walker No. 1, Manila post-office; Center No. 1, Alays bank; Jackson township, Kenning school house. The registrars who will serve Thursday are as follows:

- Ripley**

#### LINSEED OIL CAUGHT FIRE

Fire which resulted when linseed oil caught fire at the home of Mr. and Mrs. Denny Ryan in West Fifth street, was controlled before any serious damage was done although the blaze was of such size that the fire department was called. A portion of the oil which was heating on the stove overflowed onto the stove and the flames which leaped to the ceiling caught the paper afire. Aside from a portion of the wall paper in the room being destroyed, no damage was done.

Prof. Beyle of the department of philosophy and education of Franklin college, will have charge of the services at the First Baptist church here tomorrow in the absence of the pastor, the Rev. C. J. Bunnell.

### GERMANS BOMB A HOSPITAL

Patients Are All Removed to The  
Cellars and None is Hurt

(By United Press.)

Paris, Sept. 7.—Eighteen bombs were dropped by low flying German aviators on a Franco-American hospital 20 miles behind the line Thursday night, it was learned today.

Two of the bombs were planted squarely on a huge red cross distinctly visible on the ground. The patients were taken to the cellars and were not injured.

### COUNTY TAX LEVY REDUCED FIVE CENTS

County Council Appropriates \$66,956 to Pay Current Expenses of  
Year 1919

#### DENIES COUNTY AGENT \$1500

The county council today appropriated \$66,956 to pay the current expenses of the county next year, and reduced the county tax levy five cents. It is twenty-five cents this year, but next year will be only twenty cents. The flood bond levy was fixed at one and a half cents.

The council was called in regular session last Tuesday and read the budget for next year. The appropriations could not be made that day because a state law provides not more than \$15,000 shall be appropriated in any one day, and there was not a quorum present the next day. The result was that a meeting had to be held today.

On the budget for 1919 prepared by the county commissioners was an item of \$1,500 to pay the expenses of the county agent next year. The council voted unanimously against the estimate and it was not appropriated, thus sounding the death knell to the county agent after giving him only one year. The appropriations included \$500 for the County Council of Defense.

The county commissioners have fixed the tax levy for gravel road repair for next year at fourteen cents, which is the same as this year.

### DIVORCE SUIT DAY IN THE CIRCUIT COURT

Decree of Separation Denied Bertha  
I. Mazingo and One is Granted  
Katie Hines

#### SMELSER CASE ALSO HEARD

Today was divorce suit day in the circuit court, one divorce being granted and another denied. A third case was being heard by the court this afternoon.

A decree of separation was refused Bertha I. Mazingo, who sought a divorce from Frank B. Mazingo. On the witness stand, Mrs. Mazingo accused her husband of being intimate with another woman and Mr. Mazingo made counter charges of a similar nature. Before the evidence was heard, the defendant dismissed a cross-complaint. The costs of the case were put on the plaintiff.

Katie Hines, colored, was granted a divorce from Rias Hines on payment of the costs and the plaintiff's maiden name of Katie Hughes was restored.

The divorce suit of Grace M. Smelser against Roy B. Smelser, which was also set for today, was expected to be heard this afternoon. It is so easy to buy War Savings Stamps.

### COUNTY IS WITHIN \$12,000 OF QUOTA

August Sale of War Savings Stamps  
Here Bring Total to Date up  
to \$375,000

#### \$50,000 INVESTED LAST MONTH

Pledges Made in Drives Are Expected  
to Roll Up a Large Over-  
Subscription

Rush county's War Saving stamp sales for August, which have recently been completed, amount to fifty thousand dollars and again place the county in the front rank of sixth district counties.

The sales progressed much more rapidly during the month than officials had expected because of the fact that during the three previous months, drives had been enforced, during which time the people came to the front, buying splendidly and in some cases, apparently to the limit.

The \$50,000 sales for the month have brought the county's purchases to the \$375,000 mark with only \$12,000 to be purchased during the present month for the county to realize its years quota of \$387,000.

Postmaster G. P. Hunt, after completing his monthly report and compiling those of the postoffices in the out townships, declared that the greatest percent of the August sales were cash, thus leaving the pledges which were made during the recent drive and which amount to thousands of dollars, to be rolled up in over-subscriptions sometime before the last of December.

Although the district report has not been received with the tabulations of the August sales, county officials are confident that Rush will again lead the district, as was the case in the last monthly report given out from the district headquarters.

The splendid showing which has been made during the summer is in marked contrast to the opening months of the War Stamp campaign when every part of the county fell far below its quota. "Rush county can take care of itself," declared war stamp officials today, "and as it has gone over the top in every former patriotic and financial campaign where demands have been made on it, there is not the slightest need to doubt the fact that the people will roll up a generous oversubscription in the purchase of War Savings Stamps."

### TO EXAMINE REJECTED MEN

Board to See if They Can't be Held  
For Limited Service

The local army selection board today received a ruling from the war department to the effect that all class one registrants who had been discharged for physical unfitness at mobilization camps, should be recalled by the board for another examination to determine whether or not they will be available for limited service. Heretofore, the instructions have been not to send any men out any call who have been rejected at the camp. This will affect many men in the county who believed they would not again be called.

#### AUCTION HELD AT 2 P. M.

The buildings on the old Rush county fair grounds, east of the city, which were recently bought at a public sale by the county board of commissioners, were to be sold at a public auction this afternoon at two o'clock. Other material bought at the sale will be disposed of at a public auction next Saturday afternoon.

## TERM PROMISES TO BE SUCCESSFUL

Necessity of Thorough Education of  
Student Predominant Thought  
at Institute

### CITY TEACHERS MEET TODAY

Greater Need of Higher Education  
Now Than Ever Before it Be-  
ing Emphasized

Signs of the times are evident in educational circles in Rushville as the opening day of a new term of school opens, and today at the first monthly institute of the school term which will open Monday, the necessity of a thorough education of the student and the responsibility resting on the instructor, was plainly the predominating thought in the gathering of teachers.

The stress which has been placed on the fact that the call for higher education was never more needed than at the present time, has not missed the educational department of the Rushville schools and the seriousness with which the teachers of each department regard their opening term's work, promises to make the term one of the most successful in a number of years.

One of the most notable facts in the 1918-19 term is the large number of boys and young men who have enrolled for the year's work despite the fact that war is taken even boys of eighteen years, who have not yet completed their high school career.

Boys who are over eighteen years of age, however, according to the word given out by Superintendent J. H. Scholl, are being urged to continue their work in the high school by government officials, who believe that their worth after such an education is completed will be of more real value to the country than their present worth in the ranks of the United States army.

All of the newly appointed members of the high school faculty have arrived and everything is in readiness for the opening day Monday. Miss Catherine Zimmerman, head of the English department, has arrived from her home in Noblesville; Miss Catherine Kintz, science teacher of Terre Haute, and L. J. Schiedler, head of the history department, were present for the institute meeting today.

Basketball fans who have been watching the prospects for a star basketball team during the winter, have received the news of the arrival of J. H. Winget of Connorsville, with interest. The new member of the faculty will have charge of the manual training work in addition to his duties as basketball coach. The new athletic instructor has an amount of excellent material from which to make a star team for the winter's games and as a result, the prospects of a successful season has loomed up for Rushville high school.

The Rev. W. A. Pavey, of the Greensburg Baptist church, has received a call from the Homer Baptist church for half time preaching. The Rev. Mr. Pavey who will take up this additional pastorate soon, began his career as a minister at the Homer Baptist church more than thirty years ago. The Rev. Mr. Pavey will succeed the Rev. F. M. Huckleberry, who was recently called to Adams to have charge of a pastorate where he also began his ministerial work forty years ago.

I never took any medicine that gave such splendid results. It pays to get the genuine Foley's. Contains no opiates." F. B. Johnson, Adv.

## RECORD SHIPMENT OF CATTLE IS MADE

Four Hundred and Fifty-Seven Head  
Fattened in County For Mar-  
ket, Bring \$125,277.44

### \$18.80 PAID FOR PART OF THEM

With the shipment of four hundred and fifty-seven head of export cattle from the county during the past few days, the first week in September has been marked by the largest shipment of high class cattle which has ever left the county at one time.

A record price of \$18.80 a head was received for a portion of the shipment while the average sale amounted to \$18.65, a price never before realized in the history of the Rush county cattle market. The unusual high grade of cattle resulted partly from the request of the government that beef especially be supplied in unlimited amounts this year and the initial shipment of export cattle from Rush county, indicates that this county will surpass all former records, which is no small feat as one of the leading cattle producing counties in the middle west.

The sum of \$125,277.44 was the amount realized from the shipment, \$44,696.89 of the amount resulting from the sale of the cattle raised by Albert Leisure, on his farm south-east of Carthage.

Two hundred and thirty-seven head included in the shipment were raised in Anderson township and the remainder came from the northern part of the county in the vicinity of Farmers, in Ripley townships. Four cars of heavy cattle were sent to Boston and ten cars to New York.

# BISHOP CHATARD SUCCEUMBS TODAY

Head of Indianapolis Diocese of Catholic Church Dies at Age of Eighty-Four Years  
APPOINTED BISHOP IN 1878  
Chamberlain of Papal Court Under Pope Pius IX in Recognition of Services

Indianapolis, Ind., Sept. 7.—Bishop Francis Silas Chatard, for 40 years head of the Indianapolis diocese of the Catholic church, died here today at the age of 84.

Bishop Francis Silas Chatard was born in Baltimore, Md., in 1834. He first studied medicine and practiced as a physician in several charitable institutions in that city.

After several years, he decided to study for the priesthood. Archbishop Kenrick sent him to the American college at Rome and in 1863 he was made Doctor of Divinity. Later he was appointed vice rector of the American college and became rector in 1868.

He presided over the college for ten years when his health began to fail and he was sent back to the United States. In recognition of his work at the American college, Pope Pius IX appointed Bishop Chatard one of the chamberlains of the papal court and presented him with a gold medal of excellent design.

In 1878 he was appointed to the bishopric of the see of Vincennes, Ind. He was consecrated bishop in Rome by Cardinal Franchi on May 12, 1878, and when he arrived at Vincennes, Aug. 11, of that year, practically the entire city turned out to welcome him.

Vincennes remained his home until 1898 when the pope granted permission to change the residence to Indianapolis and make the diocese of Indianapolis instead of the diocese of Vincennes.

The bishop was recognized as one of the leaders in Catholic educational work in the United States. His first assistant was Bishop O'Donnell, now of Louisville. Later Bishop Chatard was appointed to the position.

Bishop Chatard is survived by one brother, Dr. Thomas Chatard of Washington, D. C.

with Mr. and Mrs. Claude Bennett of West First street.

—The Misses Ida and Alice Tindall, of Pontiac, Ill., have returned to their home after spending a few days the guests of Mrs. Ira Mitchell east of the city.

—Mr. and Mrs. Walker Johnsting and son Wilson of Palmouth, Ky., have returned to their home after an extended visit with Mr. and Mrs. Fent Johnsting in West Fifth street.

—Miss Mary Louise Poe, who has been on a chautauqua circuit with the Jess Pugh company through the midwest this summer, is here for an extended visit with her parents, Mr. and Mrs. Jess Poe.

—Mr. and Mrs. John Kinsley and daughter Mary motored to Indianapolis today to spend Sunday, and were accompanied by the Misses Margaret and Elizabeth Murray, who have been their guests for several days.

# ASKS AID FOR BARD FAMILY

Mr. and Mrs. Bert Bard in Pearl street, have made an appeal to the Salvation Army officers for support with either money, clothes or provisions as they are in very destitute circumstances and need immediate help. Since the Salvation Army can not give them any relief at present time, they are asking the public to assist them. Anyone who can give them assistance is asked to call 1958 the home of the captain, and he will call for the provisions. The people, who can lend them aid and wish to investigate may do so. The fact that their six-year-old son was recently injured and is in need of medical aid, makes the condition of the family more dire.

A marriage license has been issued to Miss Goldie Cox, daughter of Mr. and Mrs. George Cox of Richland township and George Harrison, son of John E. Harrison, a member of the county board of commissioners.

# An Engine Is No Better Than Its Cylinders and Pistons

You don't have to send your Ford out of the City to have it Re-bored.

Having recently installed in our shop a new machine for re-boring Ford motors we wish to call your attention to the fact that we are now prepared to re-bore and fit new over-size pistons, and rings in your Ford motor.

These are the results you obtain by re-boring

- You increase power from 10 to 50 per cent.
- You eliminate that elusive knock.
- You stop the escaping gas around piston rings which abnormally heats the crank case.
- You stop the admission of auxiliary air past the piston rings which dilutes the mixture.
- You use less lubricating oil.
- You use less gasoline.
- You drive slower on high gear.
- You take hills with perfect ease and grace.
- You attain greater speed on level.
- You eliminate the over-heating.
- You stop fouling your plugs.

Our Price is Reasonable.  
Bring in your motor and let us fix it up.

### Fore-Sight

When the war came upon us it found us totally unprepared. It will be to our discredit if we are equally unprepared to meet the conditions of a peace which is certain to come. These conditions will make readjustment necessary. There will be an immediate cessation of the war industries which are now employing so many people, and there will be the needful re-absorption of a great army into the working ranks of the country.

The young men of the army, accustomed to a hardy out-of-door life, will many of them desire outside work. Secretary Lane's plan for a survey of all the vacant and waste lands of the nation with a view to determining which of them can be reclaimed for cultivation is an admirable project.

Many of the plants producing war materials can be utilized for commercial products. The government and the capitalists will do all they can toward meeting conditions.

But there is much that can be done locally toward a solution of the problem. The government does not wish any public works, except those which are absolutely necessary, undertaken for the period of the war. But there is no reason why we should not have our plans laid for inaugurating them after the close of the war. The putting up of school buildings that are required or other necessary public buildings can be planned. In many sections of the country good public highways are badly needed. Such enterprises will give work to many.

It would also be an excellent idea to establish small factories in districts where the material required would either be largely local or within easy transportation. Conditions would be healthful for workers and employment would be secured for many men.

Foresight and careful planning will greatly aid in meeting after-war conditions, and should engage our thoughtful consideration.

### A False Ideal

Some of us are not obliged to work, and some decline to; but these are the minority.

As most of us occupy ourselves principally in making a living we may as well do something that we like, even if we make a few bad shots before we hit our vocation.

In These Strenuous Days  
more than ordinary care should  
be exercised to keep the

### THIS DAY IN THE WAR

Sept. 7, 1917

Germans counterattack near Ypres.

Sept. 7, 1916

French advance to within two-thirds of a mile of Chaubais.

Sept. 7, 1915

British warships bombard German positions on Belgian coast.

Sept. 7, 1914

Belgians repulse attacks on Antwerp.

Just now, the Government is doing the choosing for us, but the war will not last forever, and this philosophy applies for all times.

The greatest tragedy in life is a vocational misfit. Premature death is melancholy, but it is a cheerful destiny compared with a life prolonged for fifty years in an un congenial calling.

Many a man works like a slave for a living to avoid dying, but if he would stop avoiding it he would escape the trouble of working altogether. His work is painful; death will get him at the finish; it might as well get him at the start.

Every one of us is good at something, but most of us are doing something else. Were it otherwise, every one would be a success, and the world would be Paradise.

The Socialists in New York have demanded a six hour work-day. Which seems to suggest that they have extreme ideas on the subject of work. Anything that wearies you in six hours is the wrong job for you. Drop it, and do something else.

No one ever put a great achievement on record while waiting for the quitting whistle. Dislike of work does not prove that work is a curse. It proves that we are poor guessers in picking our jobs.

And when a branch of the Socialist party goes on record by classifying work among the woes of mankind, it is up to the rest of the Socialists to assist their weakening brethren to a more wholesome conception of the purpose of life.

There never were such suburbanites as the Yanks. They are always being reported as visiting the suburbs of some French city.

The next day we learn that they have gone down town.

And the Germans have moved to the country.

According to German newspapers their war lords expect to regain the initiative "by forcing premature engagements on the American army." The obvious difficulty is that they tried that game some time since and got terribly stung.

It is almost two months since General Foch turned on the Germans and they have not been able to stop an advance which steadily continues on an ever-widening front.

### ALLOWED NO MORE THAN A CENT PROFIT

Retailers Are Warned That Maximum Price For Bulk Granulated Sugar is 9½ Cents

ALL SALES MUST BE LISTED

It has come to the attention of the federal food administrator for Rush county, M. F. Lovett of Carthage, that some Rush county grocers are violating the rule that sugar shall not be sold for more than a cent a pound profit. It is known that in some instances bulk granulated sugar has been retailed at ten cents a pound, which make the profit one and one-half cents a pound. Elsewhere in the state, the food administrator says, penalties have been imposed for violating this order, and such methods may be resorted to here if any further violations are reported.

It is still required by the food administration that all sugar sales be listed, Mr. Lovett says, but the retailers do not have to keep a list of flour sales since the new four regulations which became effective Sept. 1.

Mr. Lovett also calls attention to the fact that the Sunday-closing rules affecting handlers of food have not been abolished. He intimated that there have been some violations of these rules in Rush county.

NOTICE TO NON-RESIDENTS

The State of Indiana, Rush County, In the Rush Circuit Court, September Term, 1918.

Owen L. Carr, Bruce R. Carr vs. Sun Automotive Corporation et al. Complaint No. 1630.

Now comes the plaintiff, by C. W. Duncan, attorney, and file their complaint herein, together with an affidavit, that the residence of the defendants, Sun Automotive Corporation, A. H. Wyatt and William Hubin is unknown, and that diligent inquiry has been made to ascertain the residence of said defendants, but that said inquiry has not disclosed the residence of said defendants.

Notice is therefore hereby given said defendants that unless they be and appear on the 9th day of November, 1918, the same being the 6th judicial day of the September term of court A. D. 1918, at the court house in Rushville, in said county and state, and answer or demur to said complaint, the same will be heard and determined in their absence.

It is witness whereof, I have hereunto set my hand, and affixed the seal of said court at Rushville, this 6th day of September, A. D. 1918.

COLORED REGISTRANT IS SENT TO RICHMOND

Willis Summerville Detained by the Police For Failing to Return His Questionnaire

THOUGHT DUE TO IGNORANCE

Willis Summerville, colored, was sent to Richmond by the police today after having been requested by the Wayne county army selection board yesterday afternoon to arrest him for failing to fill out and return a questionnaire. Summerville was found by the police yesterday afternoon at the Smalley livery barn. He was taken before a local physician for a physical examination to determine if he would be fit for general military service. It was found that he was qualified physically. The police consulted with the local army board and it was decided that there was nothing about the selective draft regulations which could be construed to mean that Summerville should be placed in jail, so he was given his liberty last night and ordered to report this morning, which he did.

It was apparent that his failure to return his questionnaire was not willful which, according to the regulations, would be an offense great

PROPERTY OF SUN COMPANY ATTACHED

Attempt to Leave City is Halted by Owen L. Carr and Son Who Had Garage Bill

ALLEGED \$115.01 IS DUE THEM

Property of the Sun Automotive company, which has been trying to sell stock here to locate an automobile factory, was attached yesterday afternoon by Owen L. Carr and son, Bruce R. Carr, before it could be moved out of the city. A. H. Wyatt, president, and William Hubin, treasurer of the company and Harry Pea, a local drayman, who was hauling the property of the concern to the depot, were made defendants in the complaint, which sought an attachment and \$200. A detailed statement attachment attached to the complaint shows that the defendants, with the exception of Mr. Pea, are indebted to Mr. Carr and son in the sum of \$155.01 for a garage bill.

The property left here consisted of a Sun car chassis, a few automobile accessories and some office furniture. It was being loaded on Pea's dray when the plaintiffs learned the concern was leaving Rushville, and the property was attached. It is in possession of the county sheriff, Mr. Pea was made a defendant because he was hauling the visible assets of the company.

enough to cause his arrest. Summerville evidently had not complied with the draft regulations through ignorance because he had written to the Wayne county board, with whom he registered, for his registration card. He told the police he enlisted at Dayton, but was discharged because of flat feet.

TWO LIMITED SERVICE MEN ENTRAIN TODAY

Francis Coyne and Vernace G. Burrows Will Serve as Clerks to Local Army Boards

MOBILIZED AT FORT HARRISON

Two limited service Rush county registrants, Francis Coyne and Vernace G. Burrows, entrained for Fort Benjamin Harrison this morning at 10:51 o'clock over the C. I. & W. They are qualified to serve as clerks to local army boards, for which purpose they were called. The call was just received yesterday and the board had very little time to select the necessary number of men. It was fortunate, however, that Francis Coyne, who has moved to Cleveland, O., happened to be here. He had been warned by the board to hold himself in readiness to be called between Sept. 3 and 6, and when he was not called, he came on anyway to inquire about where he was to go. The board had intended to send him to Camp Dodge, Iowa, last week, because his order number was next, until the instructions came not to call limited service men able to serve as clerks.

This board will get a clerk out of the limited service men who are mobilizing at the fort today to assist in the classification of the men who will register Thursday. The state conscription agent will assign to the local board the person whom the members desire, if possible.

Barrows, the other man going today, formerly lived near Milroy, but has been employed at the Big Four office at the Speedway, Indianapolis.

Insists That Frail, Nervous Women Can Speedily Become Strong and Vigorous

A Vigorous Healthy Body, Sparkling Eyes and Health-Colored Cheeks Come in Two Weeks, Says Discoverer of Bio-feren.

World's Greatest Health Builder Costs Nothing Unless It Gives to Women the Buoyant Health They Long for.

It is safe to say that right here in this big city are tens of thousands of weak, nervous, run-down, depressed women who in two weeks' time could make themselves so healthy, so attractive and so keen-minded that they would compel the admiration of all their friends.

The vital health building elements that these despondent women lack are all plentifully supplied in Bio-feren.

If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away.

It costs but little and you can get an original package at any druggist anywhere.

Take two tablets after each meal and one at bedtime—seven a day for seven days—then one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started, your money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Pentionate; Manganese Pentionate; Ext. Nux Vomica; Fowd. Gentian; Phenylphthalain; Oleoresin Capsicum; Kolo.
